The 2020 Census

The South Carolina Commission for Minority Affairs-Native American Affairs Division "Count Me In" initiative seeks to increase Native American Indian and Alaskan Native participation at the US Census 2020.

The Census counts all the people living in the country, independently of age, sex, race, income or immigration status. Your participation in the Census is important, secure, and easy. Everybody counts!

Important

The Census determines how many millions of dollars are assigned to the hospitals, schools, emergency services, roads and other activities in each state. Every person who goes uncounted means the loss of thousands of dollars for your community and tribe.

Secure

The Census can be answered with confidence. Your responses are protected for privacy under federal laws. The U.S. Census Bureau cannot share your information with any entity, not even with other federal agencies.

Easy

The Census consists of only 9 questions. You can answer online, by mail, or by phone. If you don't answer by April 1st, someone from the U.S. Census Bureau may visit your home to assist you in answering the Census.

Count Me In! Indigenous Count!

Help your community! Make yourself count by sharing this message with your friends and networks. Contact us if you want to receive promotional materials for the Census, and to learn how to apply for a Mini-grants to fund your own organization or tribes efforts to count the Hard-to-Count populations in South Carolina.
